

## AspenLaw Studydesk free trial software INSTALLATION INSTRUCTIONS for Microsoft Windows VISTA users

Please print this page for reference during the installation process of your AspenLaw Studydesk software.

### Background

The Microsoft Windows Vista Operating System's User Account Control feature prevents potentially dangerous software from making changes to your computer. However, this feature may cause issues with AspenLaw Studydesk's licensing authorization process.

The steps below allow AspenLaw Studydesk to work with Vista's User Account Control security feature.

### Once you have downloaded and installed your AspenLaw Studydesk software:

1. Go to your desktop
2. Right-click the AspenLaw Studydesk icon and **select Properties**.
3. In the Properties window, **click the Compatibility** tab.
4. Under the Privilege Level heading, **select the Run this program as an Administrator** check box is checked.
5. **Click OK**.

### If you are unable to apply the settings as instructed above, please try the following:

Before you launch AspenLaw Studydesk, right-click the application icon on your desktop and choose **Run as Administrator** from the shortcut menu.

### If you have any trouble with this process, please contact Technology Support:
